

Curriculum Night

6th Grade Families, please join us on Monday September 9th from 6p-8p for Curriculum Night. This night will give you a chance to walk your students schedule and meet their teachers.

LMC

Granger is excited to announce that we are again participating with other 204 middle schools in the Naperville KidsMatter Digital Leadership Summit in October! This activity is a partnership with Naperville KidsMatter, Indian Prairie School District 204 and Naperville District 203.

We are selecting students from all grade levels to go through Google's "Be Internet Awesome" Digital Citizenship Curriculum. The topics to be covered are: Share with Care, Don't Fall for Fake, Secure Your Secrets, and It's Cool to Be Kind. The goal of this summit is to train a group of students from each middle school so that they can go back to their schools and work with their teachers to incorporate positive digital citizenship within the school.

Do **YOU** have what it takes to represent Granger at this incredible summit? Online applications are now being accepted! **Please stop by the LMC to pick up the link to apply online.** Completed online applications are due by September 17th. Don't miss out on this opportunity!
