

Some Reminders:

-Starting today we will not be accepting any "drop offs" for students who forgot to bring items to school. Please work with your student on a routine and process for making sure your student has everything for the day.

-Snacks must be limited to items that are nut and dairy free.

The First 40 Days!

We will be focusing on different school success strategies during the first 40 days of school. Today we are focusing on "The Granger Way" which emphasizes kindness and respect. We will be on the lookout for students demonstrating The Granger Way, so that we can give them positive referrals and have them entered into a drawing for our prizes! This week it is a hydroflask!

Safety Week:

Today marked the first day of Safety Week. Each day this week our students will learn about the different supports and procedures we have in place to keep students safe and supported. Today the Student Services Department visited with students during lunch to review their roles in keeping students safe and supported. The link below summarizes the information that was shared with students.
