## **Students Staying to Watch Games**

If you are not aware, like many school districts, we are struggling with a bus driver shortage. As a result, our pick up times for our after school games has moved from 3:45 to 4:30ish. As a result, many of our games are not getting started until after 5:00PM. If our students would like to watch a game as a spectator, they need to go home after school and will have to get a ride back to school at 5:00 for the game/s. We do not have supervision after school for the 2 hours in between. We hope our bus situation will improve and once it does we will inform parents and students of the change. We appreciate your help and support with this.
